Selecting the 'Tests and Checks' button allows you to perform tests to verify that your Supercharge Batteries BRT-12 is functioning correctly and also verifies that you are able to connect to the website and download the latest software.

You will be asked to perform these tests if you experience problems and need to contact a customer services representative or engineer. This information is also reported back to the website in order for the engineer to assist you in resolving your problem.

Selecting the 'Supercharge Batteries re-install' button allows you to force the Supercharge Batteries BRT-12 to download your latest update again. This can be used if you think there is a problem with your last update.

![](_page_5_Picture_11.jpeg)

Connect your BRT-12 as per the instructions within the Supercharge Batteries PC suite. Connect mini-USB to Supercharge Batteries BRT-12 and USB to PC. Refer to the 'Updating the Supercharge Batteries BRT-12' section for more information.
